

# Message from the Business Secretary Desk for Special issue over burns and plastic surgeries

**Dr. Ravi Shankar Ratnakar**  
Business Secretary

## **Honourable Members,**

It's been a matter of great pleasure that this special issue is being published over Burns and its management under the guiding force of Dr. Veena Kumari K. zSingh, our journal committee and faculty member of AIIMS Patna. All papers are palatable and at par with international publications.

We, the journal committee members always strive for betterment of our journal as well as our medical flora and fauna.

Since we always favour our Indian Medical Association members, patrons and advertisers, please continue your support.

Do hope we will be receiving your opinions about this special issue over burns and plastic surgery.

With best regards,

Dr. R. S. Ratnakar  
Business Secretary
